

## REMARKS

Claims 1-13 are now pending in this application, with Claims 1, 4, and 7 in independent form. Claims 1, 3, 4, 6, 7, 9, and 10 have been amended, and Claims 11-13 have been added by this amendment.

Of the amended claims, Claims 1 and 4 have been broadened to emphasize that the electronic display does not have to be located “with” the rack, but may be located in visual proximity to the rack. Support for these amendments may be found at least at page 5, lines 21-24 of the specification. (It is to be noted, however, that the scope of Claims 1 and 4 are not limited to this embodiment, which is referred to for purposes of illustration only.)

Claims 1, 3, 4, 6, 7, 9, and 10 have been broadened to remove the letters preceding each element, step, or limitation, as the case may be, in order to emphasize that these claims are not limited to any particular ordering of these elements, steps, or limitations.

Claims 1, 3, 4, and 7 have also been amended as to matters of form which do not, in any way, narrow the scope of these claims. In particular, the capital letters at the beginning of each element, step, or limitation, as the case may be, have been replaced with lower-case letters.

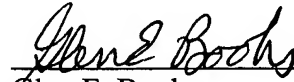

Claims 11-13 have been added to reflect that multiple electronic displays may be used. Support for these claims can be found in the specification at least at page 8, lines 22-25, which is described with reference to FIG. 8.

In view of the foregoing amendments and remarks, Applicant respectfully requests favorable consideration and the allowance of the present application.

Applicant's undersigned attorney may be reached by telephone at (973) 597-2500.
